

SCHNAUZAPALOOZA '19!

SSCA NATIONAL SPECIALTY - APRIL 2-7, 2019

From Rose Miller: As always the National at Purina Farms was a wonderful experience. The facility is exceptional and the food was improved from last time. This year's Schnauzapalooza included minis and standards, but the giants had a prior commitment. The Mini Schnauzers really know how to party! Several of us wanted to crash their Top 20 event! The barn hunt was amazing - the competitors hunted those rats from dawn til dusk. Days started early and went late but since there was a Tim Horton's coffee just a bit down the road we all survived! All in all it was a wonderful time to show our dogs, do performance events with our dogs and enjoy our friends near and far that came together with a common love of all things Schnauzer! (Some photos from the event on next two pages, both formal and informal)
