This Page will Appear in the 2023 Hunt Cluster Show Catalog

Our 2023 PVSSC Specialty is Dedicated to Jeremy Holden

Our membership lost a wonderful member and friend Jeremy Holden. He leaves behind his wife, Abby Holden, his mother, friends and of course, his beloved Standard Schnauzers. This Earth has lost a beautiful soul who gave himself to the service of others that included his family, his friends and the foundations in which he has served. Most recently, he hosted Podcasts entitled, "Connecting ALS" which educated and supported families, friends and patients fighting this debilitating disease.

Jeremy and Abby were very involved with our club participating in FAST CAT, Barn Hunt and other activities with their dogs. They helped when they could and Jeremy had also taken on the responsibilities of the Wire Tap over the past couple of years even after they had moved to North Carolina.

The passing of Jeremy is a loss to the PVSSC along with the rest of us on Earth but he leaves a legacy and standard that we all wish we could live by!
